

What's the Time, Mr. Wolf?

This game starts with one player being chosen to be Mr. Wolf.

Mr. Wolf will stand at the opposite end of the playing area, facing away from the other players.

The other players will all say, "What's the time, Mr. Wolf?" Mr. Wolf can reply in one of two ways:

1. He can tell them the time by replying with an hour ending with "o'clock". If he does so, the players will take the same number of steps forward as the hour (5 steps for 5 o'clock).
2. Mr. Wolf's other option is to reply with "Dinner Time!" He will then turn and chase the other players back to the starting point. If Mr. Wolf manages to tag anyone, that player will be Mr. Wolf at the start of the next round.
