How can we respond to unexpected events?

In the news this week

Space agency, Nasa, says two astronauts stuck on the International Space Station (ISS) won't return to Earth until next year. Sunita Williams and Barry 'Butch' Wilmore originally went on an eight-day mission but have currently been in space for three months. The Boeing Starliner spacecraft they were supposed to return on has a problem, so they need to wait for a different space capsule to bring them home in February. The astronauts will continue researching whilst they are there.

Things to talk about at home ...

- > How do you think the astronauts felt upon hearing the news that they would be staying much longer in space than originally planned?
- > Can you think of a time you were in an unexpected situation or a time when you needed to change your plans? How did you deal with it?
